COMMUNITY PARTNERS

There is an old saying "It Takes a Village" which could not be more true than in the world of animal rescue and rehoming! Without the generous ongoing help and support of our beloved community partners, we would not have been able to save the thousands of animals we have rescued and rehomed over the years! Our success is because of the big hearts, incredible skills and amazing generosity of our wonderful community partners like Santiago Martinez Veterinary Clinic. Expert doctors like Santi and the amazing staff at the clinic are truly angels on earth who have more than earned their wings through all of the tireless, selfless and highly skilled work they all do daily on behalf of the invisible animal community in need of help right here in our area! The businesses who support and sponsor us allow us to do the amazing animal rescue, rehabilitation and rehoming work we do 24 hours a day, 7 days a week rescuing all types of animals from abuse, neglect, abandonment and life threatening injuries. If you or someone you know would like to join us on this life changing journey rescuing animals in need, we would love to hear from you! We truly value, appreciate and are extremely grateful for the personal and professional skills each one of our amazing community partners brings to make a positive impact in the world of animal rescue daily!
